

THE COMPANY HAS SIGNED A CONSULTING SERVICES AGREEMENT WITH ECOFLUID SYSTEMS FOR THEIR ENGINEERING EXPERTISE

June 10, 2011 – Vancouver, Canada. Alpha Wastewater, Inc. has signed an agreement with ECOfluid Systems, Inc., also based in Vancouver, to provide their consulting services to support Alpha develop its many planned wastewater treatment plants using the acclaimed USBF® technology throughout the world.

ECOfluid will provide their unparalleled engineering expertise and know-how gained in the implementation of more than 100 USBF® systems at a fair rate. This represents a significant advantage for Alpha, allowing it to focus on the developing the business, and not having to carry the burden of employing and supervising the technical design, drawing and engineering staff.

Note: Alpha Wastewater is the current operating name of the company, which is registered in the State of Nevada as Silicon South, Inc. (OTCBB – SSOU). The company has filed a preliminary 14C information statement with the US Securities and Exchange Commission to change its name to Alpha Wastewater, Inc. and expects the name change to be completed soon. The company's head office is located in Vancouver, BC, Canada, and it also has a branch consulting office in Beijing, China.
